

Thrive by Five Coordinating Council

Wednesday, November 20, 2019 The John A. Wilson Building 3:00- 5:00 pm

Agenda

- 1) Welcome
- 2) Coordinating Council Purpose
- 3) Remarks: Deputy Mayor Wayne Turnage
- 4) Remarks: Deputy Mayor Paul Kihn
- 5) Membership Introductions
- Landscape & Context Setting
- 7) Discussion of Member Priorities and Goals
- 8) Next Steps
- 9) Adjournment

Thrive by Five Coordinating Council

The purpose of the Mayor's Thrive by Five Coordinating Council is to drive progress on initiatives that improve outcomes for mothers and infants and children from birth to age five (5) in the District.

Thrive by Five Coordinating Council

The Council shall:

Track and report

Track and report on the progress and outcomes of District and community programs and initiatives focused on improving the outcomes of maternal and infant (perinatal) health and healthy child development from birth to age five (5).

Programmatic and Policy Recommendations

Make recommendations to the Mayor, the Deputy Mayor for Health and Human Services, and the Deputy Mayor for Education regarding programs, policies, and initiatives to connect families and individuals to resources to support maternal and child (perinatal) health, behavioral health, and early education.

Coordination and Streamlining

Make recommendations to the Mayor, the Deputy Mayor for Health and Human Services, and the Deputy Mayor for Education regarding coordination, consolidation, streamlining, and alignment of the plans, policies, programs, and services, related to or responsible for improving outcomes for infants and children from birth to age five (5).

Identifying Gaps and Opportunities

Identify gaps and opportunities for additional programs, initiatives, and services, to improve outcomes for infants and children from birth to age five (5).

Remarks

Wayne Turnage
Deputy Mayor for Health and Human Services

Paul Kihn
Deputy Mayor for Education

Questions for Discussion

What comes to mind when you hear the phrase "thrive by five"?

What expectations do you have of this phrase?

Thrive by Five DC

May 2017

Mayor Bowser launched Thrive by Five DC, an online one-stop service center for parents and caretakers to connect families to resources.

April 2019

Dr. Faith Gibson Hubbard was appointed as the first Executive Director of Thrive by Five DC and the Thrive by Five Coordinating Council.

Present

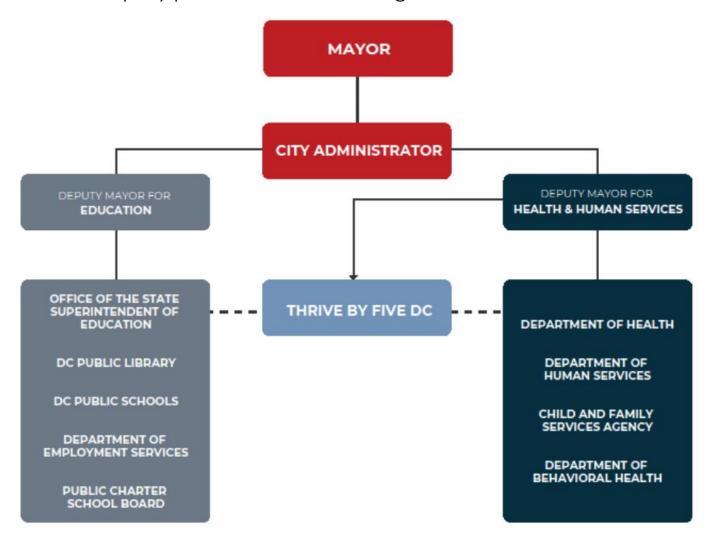

We see Thrive by Five DC as an opportunity to make these connections between health, human services, and education that would result in greater outcomes for children.

Thrive by Five DC

As the District's first comprehensive health and early learning initiative, Thrive by Five DC is uniquely positioned within DC's governance structure:

Thrive by Five Is...

Thrive by Five's scope is broad, but we've worked to identify these five main facets of our work:

Thrive by Five Coordinating Council

Early Development & Learning

Coordination of District Programs (serving mothers, children, and families)

Data Snapshot: Perinatal Health

The best way to orient ourselves to the District perinatal health landscape is through these two reports—

- DC Health's Perinatal Health and Infant Mortality Report (2018), and
- DC Primary Care Association's Human-Centered Approach to Improve Reproductive and Maternal Health Outcomes in Washington, D.C.

Perinatal health: the health and wellbeing of mothers and babies before, during, and after child birth.

Additionally, there are other reports, such as the "Strong Start for Mothers and Newborns" and others, which provide context.

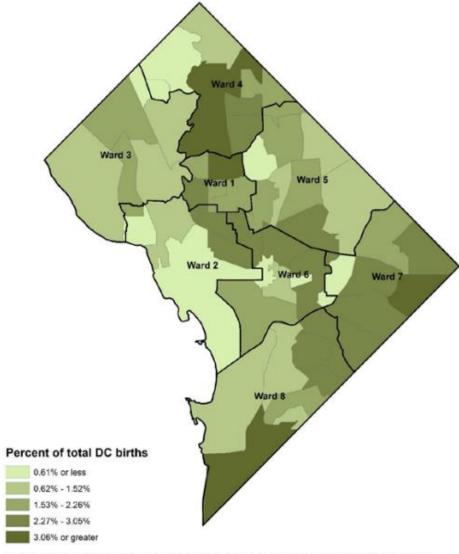

This report shines a light on unmet reproductive and maternal health needs of low-income women living in the District of Columbia, and provides policymakers and providers with a Roadmap for Action containing a clear set of 12 actionable and costed initiatives that can be pursued to improve the health and well-being of women and their families.

Reflection: The DC Landscape

What are your thoughts?

What does the data say?

What stands out?

Deeper Context: Framing Our Current Actions

Context Setting

DC Health Strategy to Improve Perinatal Health Outcomes

In 2018, DC Health released its "Perinatal Health and Infant Mortality Report. This report provided a comprehensive approach to improve the health and well-being of District moms and babies before, during and after childbirth. It includes years of local data regarding births of District residents, health characteristics of women before and during pregnancy, and birth outcomes of mothers who had live births in DC.

In addition to providing those data points, the report also introduced the District's perinatal health framework. The framework has seven core priorities to drive programmatic efforts to improve perinatal health outcomes in the District:

- 1. Every teenage girl and woman in DC is in control of her reproductive health.
- 2. Every pregnant woman receives patient-centered, high quality prenatal care beginning in the 1^{st} trimester.
- 3. Every healthcare provider has the tools and resources they need to provide quality care and manage complex social needs of women and infants.
- 4. Every healthcare facility providing maternal and infant care has the tools and resources to practice evidence based healthcare.
- 5. Every newborn receives high-quality neonatal care in the hospital and out-patient setting.
- 6. Every parent has the life skills and resources needed to nurture and provide for their family.
- 7. Every infant, mom, and dad has a safe and healthy environment to thrive and receive the support they need to promote early childhood development.

Context Setting

District of Columbia's Early Childhood System Approach to Child Health, Development, Education and Well-Being

Developed by Office of the State Superintendent of Education, DC's early childhood system approach aims to improve outcomes for children beginning at birth and throughout their childhood by addressing racial and social inequities in the District of Columbia.

With shared indicators (Performance Indicators, Neighborhood Indicators, Family and Community Indicators) plus collective actions, our overarching system result is the social-emotional well-being for all children.

- Our first system result is healthy birth as measured by pre-term deliveries, low birth weight and infant mortality.
- Our second system result is school readiness as measured by the Early Development Instrument conducted by pre-K 4 teachers.
- Finally, we use PARCC to measure the percent of all third grade students meeting grade-level expectations.

Early Care & Health Investments

From 2008 to 2018

Pre-K Enhancement and Expansion Amendment Act of 2008

Early Childhood Advisory Council established DC Collaborative for Mental Health in Pediatric Primary Care

\$2 million in grants for facilities & significant investments in infant & toddler care

2013

Launched Capital Quality, the District's redesigned quality rating and improvement system (QRIS)

Collected the Early Development Instrument data on over 4,000 pre-K 4 children

2016

DC Collaborative implements an Early Childhood Quality Improvement Learning Collaborative

Mayor invests \$2.5 million in child care tax credit and \$11 million to create the Access to Quality Child Care Fund

Nemours choses the District to participate in the Medicaid and Early Care and Education Collaboration and State Project

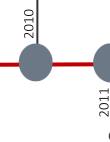

DC Council funds Healthy Steps

2018

Healthy Futures Early Childhood Mental Health

Early Childhood Advisory Council renamed State Early Childhood Development Coordinating Council

Early Learning Quality Improvement Network launched

ECIN receives \$5 million in private philanthropy

Healthy Tots Act implemented

DC MAP (Mental Health Access in Pediatrics)

DC Health releases innovative place-based grant to improve perinatal and early childhood outcomes

Expanded the Quality Improvement
Network to 92 families

DC Social Emotional and Early Development (DC SEED)

2019 Early Care & Health Investments

Investments

- The District of Columbia awarded a \$10.6 million Preschool Development Grant, Birth to Five (PDG B-5) to conduct a comprehensive needs assessment and create a comprehensive strategic plan to maximize parent choice.
- The District awarded \$1.7 million expansion of the Early Head Start – Child Care Partnership grant.
- Children's National awarded a Pritzker Prenatal-to-Age Three State Planning Grant on behalf of the District of Columbia.
- DC Families First Success Centers Investment
- DC Council expands Healthy Steps.
- DC Council expands Healthy Futures, mental health consultation.

Innovation/System Redesigns

- The District is selected to participate in national ZERO to THREE Infant and Early Childhood Mental Health Policy Convening and Technical Assistance opportunity to advance infant and early childhood mental health financing and policy.
- DHCF issued transmittal to pediatric providers to provide guidance on behavioral health screenings in pediatric primary care, including the addition of a new maternal depression screening code to be used during the wellchild visit.

Thrive by Five DC & the Thrive by Five Coordinating Council established.

Landscape Analysis: Thrive by Five's Place

Decision-Making Tables

A short list of decision-making tables throughout the District focused on improving outcomes for moms, babies, and children...

Government Agencies, Accountability & Oversight

- District of Columbia Developmental Disabilities State Planning Council
- Mayor's Advisory Committee on Child Abuse and Neglect
- District of Columbia Maternal Mortality Review Committee
- District of Columbia Infant Mortality Review Committee
- State Advisory Panel on Special Education
- Statewide Health Coordinating Council
- State Early Childhood Development Coordinating Council
- Quality Improvement Network Interagency Steering Committee

Private & Philanthropic

- Early Care and Education Funders Consortium (Locally-focused)
- Early Childhood Funders Collaborative (Nationally-focused)
- Washington Regional Association of Grantmakers
- Foundations, Think Tanks, Non-Profit Organizations

Thrive by Five Coordinating Council

The purpose of the Mayor's Thrive by Five Coordinating Council is to drive progress on initiatives that improve outcomes for mothers and infants and children from birth to age five (5) in the District.

Thrive by Five Coordinating Council

The Council shall:

Track and report

Track and report on the progress and outcomes of District and community programs and initiatives focused on improving the outcomes of maternal and infant (perinatal) health and healthy child development from birth to age five (5).

Programmatic and Policy Recommendations

Make recommendations to the Mayor, the Deputy Mayor for Health and Human Services, and the Deputy Mayor for Education regarding programs, policies, and initiatives to connect families and individuals to resources to support maternal and child (perinatal) health, behavioral health, and early education.

Coordination and Streamlining

Make recommendations to the Mayor, the Deputy Mayor for Health and Human Services, and the Deputy Mayor for Education regarding coordination, consolidation, streamlining, and alignment of the plans, policies, programs, and services, related to or responsible for improving outcomes for infants and children from birth to age five (5).

Identifying Gaps and Opportunities

Identify gaps and opportunities for additional programs, initiatives, and services, to improve outcomes for infants and children from birth to age five (5).

Member Priorities & Goals

What are your priorities or priority areas?

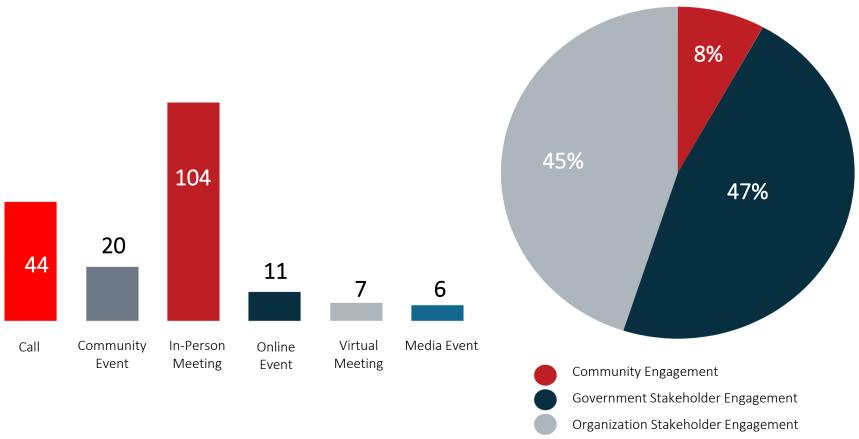

What do you believe should be the mission or goal of this work?

What strategic priorities should we focus on?

Thrive by Five's Outreach & Engagement

Since May 1, 2019, Thrive by Five has attended, participated in, and/or hosted over 190 inperson meetings, virtual meetings, media events, and community events. Thrive by Five impacted/touched 5600+ people in the following engagement modes:

Thrive by Five Working Group

Thrive by Five DC's work is developed in partnership with all stakeholders implementing and investing in this space. In addition to providing thought-partnership, the Thrive by Five working group helps to ensure that the work of the office is executed effectively.

The following organizations are represented in the Thrive by Five working group:

- AppleTree Early Learning Initiatives
- Bainum Foundation
- Bright Beginnings
- Capital Area Food Bank
- Children's Law Center
- Community of Hope
- DC Action for Children
- DC Appleseed Center for Law & Justice
- DC Health Early Childhood Health Division, Community Health Administration
- DCPS Early Childhood Division
- DCPS Early Stages
- FduCare DC

- Georgetown University,
 Early Childhood Innovation Network
- Loving Care Child Development Center
- Mamatoto Village
- Martha's Table
- Mary's Center
- OSSE Division of Early Learning
- Petit Scholars
- Raise DC
- Spanish Education & Development Center
- United Planning Organization
- Washington Area Women's Foundation

Identified Strategic Items

With the support from the Thrive by Five Working Group, we've identified two strategic items that will help us fulfill our duties, as defined by mayoral order:

Roadmap

District families, education and healthcare professionals, and service providers should know where to go, internal and external to government, when seeking information about health and education in the maternal health and 0-5 space.

Fiscal Mapping

In order to track and report outcomes of District and community programs, we must first determine how money flows and is being utilized to improve perinatal health and healthy child development.

Subcommittees

Potential subcommittees:

- Strategic Planning & Initiatives Committee
- Perinatal Health Committee
- Child Health & Development Committee
- Early Learning & Care Committee
- Community Engagement Committee

Future Meeting Dates

Thrive by Five Coordinating Council meeting dates fall on Wednesdays.

Date: January 22, 2020

Time: 3-5 pm Location: TBD

Date: March 25, 2020

Time: 3-5 pm Location: TBD

Date: May 27, 2020

Time: 3-5 pm Location: TBD

Date: July 29, 2020

Time: 3-5 pm Location: TBD

Date: September 9, 2020

Time: 3-5 pm Location: TBD

Thank you!
